### **CLEANER, CONDITIONER AND GLOSS RESTORER SOLUTION FOR POLISHED CONCRETE**

#### **DESCRIPTION:**

THE PURPLE SOLUTION is formulated for the routine maintenance and revitalization of polished concrete floors. Combined with SURTEC'S PURPLE SOLUTION CLEANING PADS while auto-scrubbing, THE PURPLE SOLUTION will clean, condition and enhance the gloss of polished concrete. Further hardening, densification and protection of the concrete will be achieved with continued utilization of this system. PURPLE SOLUTION can be used for not just daily cleaning, but also for the restoration of gloss in high traffic areas. PURPLE SOLUTION is low odor, low VOC, APEO-free, biodegradable and non-corrosive.

#### **DIRECTIONS:**

THE PURPLE SOLUTION is a concentrated product and must be diluted with water prior to use.

**ROUTINE CLEANING OF POLISHED CONCRETE:** Sweep, dustmop and remove any gum or stickers from the floor. Dilute THE PURPLE SOLUTION at a dilution rate of 1/2 oz. per gallon of water (1:256). With an automatic scrubber equipped with SURTEC PURPLE SOLUTION CLEANING PADS scrub the floor and pickup solution in a single pass. For best results proceed at a slow to medium pace while scrubbing.

**GLOSS RESTORATION OF POLISHED CONCRETE:** Sweep, dustmop & remove any gum or stickers from the floor. Dilute THE PURPLE SOLUTION at a dilution rate of 1/2 oz. per gallon of water(1:256). With an automatic scrubber equipped with SURTEC PURPLE SOLUTION CLEANING PADS, apply the solution while scrubbing the floor with maximum possible head pressure for the machine, but that will still allow a steady pace. While scrubbing proceed at a SLOW pace (approximately one foot per second). Make three overlapping passes, then pickup solution. A final single pass cleaning can then be performed to remove any residue or track marks

#### **SPECIFICATIONS:**

COLOR: ..... Purple  
ODOR: ..... Mild Detergent  
pH: ..... 11.3 ± 0.2 (concentrate)  
..... 9.7 ± 0.2 (1:256 dilution)  
HMIS RATING ..... Health =1 Flammability = 0 Physical Hazard = 0  
FLASH POINT: ..... None (C.O.C. Method)  
V.O.C. CONTENT: ..... Less than 0.5% at use dilution  
DILUTION USE: ..... 1:256 (1/2 ounce per gallon of water)  
DETERGENT TYPE: ..... Nonionic  
BIODEGRADABLE: ..... Yes  
SPECIFIC GRAVITY: ..... 1.04  
DENSITY: ..... 8.7 pounds per gallon  
SOLUBILITY IN WATER: ..... 100% (hard, soft and/or deionized water)  
SHELF LIFE: ..... Minimum 1 year from date of sale  
FREEZE/THAW STABILITY: ..... Minimum 3 cycles (A.S.T.M. Test D-3209-82)  
PACKAGE SIZES: ..... 4 x 1 gallon jugs  
..... 5 gallon Twin Pack (2 x 2.5 gal. bottles/box)
