Research finds the top cleaning issues that keep customers out of the gym include: Offensive odors, dirty equipment, unclean restrooms & locker rooms, dirty floors, lack of cleaning products to wipe down equipment, spills or stains on floors and carpets, dusty surfaces.

Developing and maintaining a clean and professional image throughout your facility may be an investment in terms of time and resources, its benefits are well worth the effort. A pristine club will inspire confidence from your clients and lead to higher customer satisfaction, renewed memberships and improved revenue.

*Surtec Has the ‘Solutions’ for Your Maintenance Problems!*
**COMPLETELY RESTORE AND PROTECT UNSIGHTLY AND UNSANITARY SHOWER AND RESTROOM TILE & GROUT FASTER THAN EVER**

Surtec’s Restroom Tile & Grout Restoration is a remarkably simple process utilizing conventional janitorial equipment (swing buffer with a nylon grit brush and a wet/dry vacuum) and specially designed chemical products and procedures that produce outstanding results.

**SURTEC’S NEUTRA-TEC 64: DISINFECTANT - CLEANER - DEODORIZER**

NEUTRA-TEC 64 is a multi-purpose, neutral pH, germicidal detergent and deodorant. Disinfects, cleans and deodorizes the following hard, nonporous, inanimate surfaces: floors, walls, metal surfaces, stainless steel surfaces, glazed porcelain, plastic surfaces. Disinfects, cleans and deodorizes in one labor-saving step. Effective against a long list of pathogens. See product data sheet.

**BENEFITS OF THE SURTEC GYM FLOOR SYSTEM**

Conventional gym floor prep & re-coat programs require a 3 - 4 person team for three or more days. The Surtec System reduces labor hours by 60%, a two person team can easily prep & re-coat the average high school gymnasium in 8 hours. Protect the investment of wood gym floors while saving time & money with The Surtec System.

**SURTEC’S CONCRETE SEALING PRODUCTS**

The appearance of your concrete conveys how well you maintain your facility. Properly sealed concrete can easily be maintained to keep the appearance that you desire. The main purpose for sealing concrete is to protect the surface from being stained. The more porous the surface is the harder it is to keep clean. By introducing a seal, we are “blocking” the pores from being filled with dirt, grease or other sources of staining. You can also control the level of gloss and how much slip resistance you need built into the coating.
SUR-FRESH - AIR FRESHENER - ENVIRONMENTALLY PREFERRED PRODUCT
Concentrated air freshener formulated with odor counteractant designed to neutralize and absorb malodors by chemically binding with them, rather than masking them with fragrance. SUR-FRESH continues to bind and react with odor-causing agents even after the spray has dried. SUR-FRESH can also be applied to any washable surface for odor control. SUR-FRESH is biodegradable, non-flammable and contains no alcohol. SUR-FRESH meets all applicable CA Air Resources Board consumer product VOC regulations.

SURTEC GLASS RENEW SYSTEM FOR GLASS RESTORATION
Surtec’s Glass Renew, Hard Water Scale Remover, dissolves & quickly releases hard water scale, allowing glass to be easily and spotlessly cleaned. GLASS RENEW contains no fluorides & will not attack glass. Surtec’s “Ready To Use” Glass, Mirror & Plexi Cleaner is efficient cleaning without the use of solvents or ammonia and is GREEN with zero VOC.

SURTEC’S GRAFFITI REMOVER & BARRIER SYSTEM
Graffiti is the most common type of property vandalism (35%) according to the Bureau of Justice Statistics. Surtec’s Anti-Graffiti Barrier & Removal System allows for quick and easy clean up after being tagged. Avoid expensive, potentially dangerous solvent based graffiti cleaners or high-priced paint matching systems, by using Surtec Anti-Graffiti Barrier and Remover, to preserve the integrity of your building.

SURTEC LAUNDRY PROGRAMS
Athletic facilities need to have plenty of fresh & clean linens. You can rely on Surtec’s Laundry Program to ensure that your towels are as comfortable as they are clean. Rely on Surtec’s automatic chemical dispensing to provide approved detergents, softeners, pre-treats, boosters and bleach. Our laundry systems are turnkey programs that feature chemicals metered with peristaltic pumps for accuracy and safety.

**SURTEC RENTS “HOST” EQUIPMENT FOR DRY CARPET EXTRACTION**

HOST is a dry carpet cleaning system that carries liquid ingredients to the carpet fibers in a controlled way. The soft, organic, natural HOST SPONGES contain all the necessary liquid to dissolve and absorb both water based and oil based dirt. It’s moistened with water and a blend of environmentally friendly ingredients. And because HOST is a low moisture cleaning system, **when you’re finished cleaning, the carpet is dry and ready to use immediately.**

**INTRODUCING SURTEC’S SUR-FOAM SOAP WALL DISPENSERS**

This **Push Pad Dispenser** is Guaranteed Leak Proof. Economical, each push yields .75mL of rich soap vs. 1.5mL per push for most bag-in-box liquid systems. Three formulas, Foaming Luxury Hand Soap, Foaming Anti-Bacterial Hand Soap or Foaming Instant Hand Sanitizer. Large view window allows easy monitoring. Large, convenient push pad is ADA compliant.

**CREATE A HAND HYGIENE STATION & PROMOTE A GERM FREE ENVIRONMENT!**

Surtec’s freestanding floor dispenser makes hand sanitizing easy and accessible in any location. Just add our automatic **No Touch Dispenser**, and create a Hand Hygiene Station that helps prevent the spread of germs in any environment. No Touch Dispenser releases **NON-ALCOHOL, FOAMING SANITIZER** as soon as hand is placed under sensor. **GERM FREE HANDS - NO WATER REQUIRED**
