

BUILDUP REMOVER

BU-227

BUILDUP REMOVAL GEL

DESCRIPTION:

BUILDUP REMOVER GEL is specially formulated to rapidly and easily dissolve wax and soil buildup from baseboards, floor edges, grout lines, corners, stairways and ceramic tile. BUILDUP REMOVER GEL is viscous enough to cling to wax build up areas, but rinses easily with plain water - no need for neutralizer. BUILDUP REMOVER GEL is available in one gallon jugs or 5 gallon pails, making it much more economical to use than expensive aerosol cans.

DIRECTIONS:

BUILDUP REMOVER GEL is ready to use without dilution. Simply spray, brush, or mop the gel over the wax buildup areas. Allow 5 to 10 minutes reaction time and scrub. Rinse thoroughly with clean water and allow to dry.
