HEAVY STRIP

HS-233

HEAVY DUTY FLOOR POLISH STRIPPER CONCENTRATE

DESCRIPTION:

HEAVY STRIP is a concentrated stripper and is not intended to be used as a general purpose cleaner. The balanced formula is designed for fast, complete removal of polymer floor finishes, with low foaming and easy rinsing. When used according to directions, HEAVY STRIP is safe to use on vinyl composition, pure vinyl, asphalt tile, terrazzo, cement and other similar surfaces. Do not use on cork or wood. If in doubt, consult SURTEC or pre-test in an inconspicuous area.

DIRECTIONS:

Dilute with up to 15 parts water for stripping most floor polishes. Dilute with 5 to 10 parts water for very difficult to remove floor polishes. Allow solution to dissolve and raise old polish for 5 to 10 minutes before scrubbing. LET HEAVY STRIP DO THE WORK FOR YOU. After scrubbing and pick up, rinse the floor and allow to dry. HEAVY STRIP's efficiency allows for much faster and complete stripping without the need for abrasive stripping pads. In many cases, light or medium scrub pads may be used.
