UNIVERSAL STRIPPER

ST-245

HEAVY DUTY

FLOOR POLISH STRIPPER CONCENTRATE

DESCRIPTION:

UNIVERSAL STRIPPER is a concentrated stripper and is not intended to be used as a general purpose cleaner. UNIVERSAL STRIPPER is a balanced formula designed for fast, complete removal of floor finishes. UNIVERSAL STRIPPER provides low foaming and easy rinsing. When used according to directions, UNIVERSAL STRIPPER is safe to use on vinyl, vinyl composition tile, wood laminate, asphalt tile, terrazzo, concrete and other cementitious surfaces. In combination with SURTEC TRUE COLOR ACTIVATOR, UNIVERSAL STRIPPER is safe to use on linoleum and rubber tile. Do not use on cork or bare wood. If in doubt, consult SURTEC or pre-test in an inconspicuous area.

DIRECTIONS:

Dilute with up to 15 parts water for stripping most floor polishes. Dilute with 8 to 10 parts water for very difficult to remove floor polishes. If linoleum or rubber tile is to be stripped add 3.25 ounces of TRUE COLOR ACTIVATOR per gallon of UNIVERSAL STRIPPER use solution. Apply to the floor and allow solution to dissolve and raise old polish for 10 to 15 minutes before scrubbing. LET UNIVERSAL STRIPPER DO THE WORK FOR YOU. After scrubbing and pick up, rinse the floor and allow to dry. UNIVERSAL STRIPPER's efficiency allows for much faster and complete stripping without the need for abrasive stripping pads. In most cases, light or medium scrub pads may be used.
