

GUARD MAINTAINER
 GM-163
**CONCRETE GUARD MAINTAINER,
 CLEANER & GLOSS EXTENDER CONCENTRATE**

DESCRIPTION:

SURTEC GUARD MAINTAINER is a concentrated product utilizing SURTEC INSTA GUARD® micropolymer technology in a detergent system formulated to clean and rejuvenate polished concrete surfaces that are protected with SURTEC INSTA GUARD®. GUARD MAINTAINER works three ways simultaneously: it cleans the floor, fortifies the finish and conditions the finish for burnishing. Slip resistance and safety are also improved with routine use of GUARD MAINTAINER.

DIRECTIONS:

GUARD MAINTAINER is designed to clean and rejuvenate SURTEC INSTA GUARD® with an automatic scrubber at a dilution rate of 3 to 4 ounces per gallon dilution with water. Scrub the floor and allow to dry, then, for optimal results, burnish with a high speed buffer using a SURTEC Thermal Gloss polish pad.
