

SC-210
SC-210
**HEAVY DUTY WATER BASE
 CLEANER/DEGREASER CONCENTRATE**

DESCRIPTION:

SC-210 combines cleaning and degreasing without the use of petroleum solvents. SC-210 is a versatile cleaner and is the product of choice for removing oily or greasy types of soils from concrete, stone and ceramic tile floors and surfaces, in areas such as vehicle repair shops, warehouses, industrial plants, etc. It is U.S.D.A. authorized for use in food handling establishments and will provide excellent cleaning for floors, walls, appliances and counter tops.

SC-210 is a superior cleaner for aluminum, fiberglass, stainless steel, and most painted surfaces. Oxidized and sensitive paints may be affected so test a small area prior to use. SC-210 is not recommended for routine maintenance of floor polish.

DIRECTIONS:

For general purpose oil and grease removal on most surfaces SC-210 can be diluted from 0.5 to 4 ounces with water.
 For light, oily soils found in kitchens and food handling areas, including stainless steel surfaces, SC-210 can be diluted from 0.5 to 2 ounces per gallon. Follow cleaning with potable water rinse.
 For concrete and stone tile floor cleaning, dilute SC-210 1 to 4 ounces per gallon of water, depending on soiling. Apply liberally to floor, allow ten minutes dwell time and scrub with a floor machine equipped with a scrubbing pad or brush. Rinse well and allow to dry before opening to traffic or sealer/polish application.

SPECIFICATIONS:

COLOR:	Green
ODOR:	Pine
pH:	12.4 ± 0.1 (concentrate)
.....	11.5 ± 0.2 (1:10 dilution)
HMIS RATING:	Health =1 Flammability = 0 Physical Hazard = 0
FLASH POINT:	None (C.O.C. Method)
DILUTION USE RANGE:	1:256 to 1:32
V.O.C. CONTENT:	Less than 0.5% by weight at 1:32 dilution
BIODEGRADABLE:	Yes
U.S.D.A. AUTHORIZED:.....	Yes
DETERGENT TYPE:	Nonionic
SPECIFIC GRAVITY:	1.02
DENSITY:	8.5 pounds per gallon
SOLUBILITY IN WATER:.....	100% (hard, soft and/or deionized water)
SHELF LIFE:	Minimum 1 year from date of sale
FREEZE/THAW STABILITY:	Minimum 3 cycles (A.S.T.M. Test D-3209-82)
PACKAGE SIZES:	4 x 1 gallon jugs
.....	5 gallon Twin Pack (2 x 2.5 gal. bottles/box)
.....	55 gallon drums
