

**SUPER STRIP**  
 ST-232  
**LOW FOAM EXTRA HEAVY DUTY  
 FLOOR POLISH STRIPPER CONCENTRATE**

**DESCRIPTION:**

SUPER STRIP is a concentrated stripper with a balanced formula that is designed for fast, complete removal of polymeric floor finishes. SUPER STRIP provides low foaming and easy rinsing. When used according to directions, SUPER STRIP is safe to use on all vinyl flooring, including VCT, LVT and sheet vinyl flooring; terrazzo; sealed concrete and other cementitious surfaces. Do not use on cork, wood or linoleum flooring. If in doubt, consult SURTEC or pre-test in an inconspicuous area. SUPER STRIP is not intended for use as a general purpose cleaner.

**DIRECTIONS:**

Dilute with up to 15 parts water for stripping most floor polishes. Dilute with 8 to 10 parts water for very difficult to remove floor polishes. Allow solution to dissolve and raise old polish for 5 to 10 minutes before scrubbing. SUPER STRIP's efficiency allows for much faster and complete stripping without the need for abrasive stripping pads. In most cases, light or medium scrub pads may be used. LET SUPER STRIP DO THE WORK FOR YOU. After scrubbing and pick up, rinse the floor and allow to dry.
