

CC-400

CC-400

STIFF FOAM ROTARY CARPET SHAMPOO NON-RESIDUE FORMING

DESCRIPTION:

SURTEC CC-400 carpet shampoo utilizes advanced cleaning chemistry to provide fast, deep carpet cleaning via rotary shampoo. CC-400's detergent cleaning system does not leave soil-attracting residue and is coupled with builders and soil emulsifiers to produce the most effective professional strength rotary shampoo available. CC-400 is safe for use on fabrics and carpet that are unaffected by water, including nylon, rayon, olefin, and other synthetic and natural fibers, but, if in doubt, test an inconspicuous area prior to use.

DIRECTIONS:

Use a commercial vacuum or pile lifter before shampooing to loosen embedded soil. Remove gum and stains by pre-spotting. Dilute 1 part CC-400 with 15 parts water, which is equivalent to 8 ounces of shampoo per gallon of water. Apply the diluted solution to the carpet by pump-up sprayer with care not to over wet. Combining proper technique with the use of a single disc floor machine equipped with a carpet brush, maximum foam can be generated to clean the carpet with a stiff foam containing minimal liquid. Use a side-to-side technique with overlapping passes to thoroughly shampoo the carpet. If necessary, consult SURTEC for further assistance in proper procedure. When shampoo operation is complete, allow carpet to dry thoroughly, usually within four hours. When completely dry, vacuum the carpet to remove soil now encapsulated in the shampoo residue.

SPECIFICATIONS:

COLOR:	Green
ODOR:	Sweet
COMPATIBILITY:	Nylon, rayon, olefins, wool, and other synthetic and natural fibers unaffected by water.
pH:	10.4 ± 0.2 (concentrate)
.....	8.9 ± 0.2 (1:10 dilution)
HMIS RATING:	Health =1 Flammability = 0 Physical Hazard = 0
VOC CONTENT:	Less than 0.1% by weight at use dilution
FLASH POINT:	None (C.O.C. Method)
DILUTION USE RANGE:	1:10 to 1:15
DETERGENT TYPE:	Non-residue nonionic/anionic system
BIODEGRADABLE:	Yes
SURFACE TENSION:	29 dynes per cm.(at 2 oz. per gallon dilution)
SPECIFIC GRAVITY:	1.03
DENSITY:	8.6 pounds per gallon
SOLUBILITY IN WATER:	100% (hard, soft and/or deionized water)
SHELF LIFE:	Minimum 1 year from date of sale
FREEZE/THAW STABILITY:	Minimum 3 cycles (A.S.T.M. Test D-3209-82)
PACKAGE SIZES:	4 x 1 gallon jugs
.....	5 gallon pails
.....	5 gallon Twin Pack (2 x 2.5 gal. bottles/box)
.....	55 gallon drums
