

CARPET RESTORATION PRE-SPRAY

PS-462

SOIL & DETERGENT RESIDUE EMULSIFIER HEAVY DUTY PRE-CLEANER CONCENTRATE

DESCRIPTION:

SURTEC CARPET RESTORATION PRE-SPRAY utilizes the most advanced surfactant technology available to produce a cleaner that will break down and emulsify the soils, detergent residues, and mineral deposits found in carpets that have been maintained with cleaners that leave behind sticky detergent residues. CARPET RESTORATION PRE-SPRAY is designed to re-emulsify detergent residues, mineral deposits, and soil buildup on the carpet fibers. It is recommended for use as a pre-spray prior to shampooing with SURTEC DEEP CLEAN Rotary Carpet Shampoo or extraction with SURTEC RINSE OUT Extraction Cleaner to completely clean and rinse away dirt and grime, restoring carpet to "like-new" condition.

CARPET RESTORATION PRE-SPRAY is safe for use on colorfast fabrics and carpets not affected by water, including nylon, rayon, olefin, wool, and other natural and synthetic fibers. Test an inconspicuous area prior to use; if in doubt, consult SURTEC.

DIRECTIONS:

CARPET RESTORATION PRE-SPRAY is a concentrate and must be diluted prior to use. Add 4 parts water to each part CARPET RESTORATION PRE-SPRAY (32 ounces per gallon of water). Apply with a trigger, pump-up, or low pressure sprayer at a rate of 200 square feet per gallon of ready to use solution. Let dwell 5 to 10 minutes before continuing cleaning procedure with DEEP CLEAN or RINSE OUT.

SPECIFICATIONS:

COLOR:	Green
ODOR:	Sweet
pH:	10.8 ± 0.1 (concentrate)
.....	10.8 ± 0.2 (1:4 dilution)
HMIS RATING:	Health = 1 Flammability = 0 Physical Hazard = 0
FLASH POINT:	None (C.O.C. Method)
DILUTION USE RANGE:	1:4
COVERAGE (approx. - actual may vary):	1000 sq. ft. per gallon at 1:4 dilution
VOC CONTENT:	Less than 0.1% by weight at use dilution
DETERGENT TYPE:	Anionic
BIODEGRADABLE:	Yes
SPECIFIC GRAVITY:	1.03
DENSITY:	8.6 pounds per gallon
SOLUBILITY IN WATER:	100% (hard, soft and/or deionized water)
SHELF LIFE:	Minimum 1 year from date of sale
FREEZE/THAW STABILITY:	Minimum 3 cycles (A.S.T.M. Test D-3209-82)
PACKAGE SIZES:	4 x 1 gallon jugs
.....	5 gallon pails
