## **SURTEC® CERTIFIED GREEN 910 GLASS CLEANER**

GC-910

### **WINDOW & GLASS CLEANER SUPER CONCENTRATE**

#### **DESCRIPTION:**

910 GLASS CLEANER is a highly concentrated window cleaner which provides superior window cleaning qualities at an economical use dilution cost. 910 GLASS CLEANER is formulated for efficient cleaning without the use of solvents or ammonia and is less than 0.1% VOC.

910 GLASS CLEANER provides fast, non-streak cleaning of many hard-to-clean surfaces, including glass, Plexiglas, mirrors and windows. Use 910 GLASS CLEANER for tough cleaning jobs, such as cleaning vehicle windows and mirrors, removing tobacco smoke residues, or dissolving oily or greasy soils.

#### **DIRECTIONS:**

910 GLASS CLEANER is a super concentrate and must be diluted prior to use. For most window cleaning use only 4 to 6 oz. of 910 GLASS CLEANER per gallon of water. For mixing a "stock" drum, use about 2 gallons per 53 gallons of water. Store in a clean lined or plastic drum.
