### **LOW ODOR STRIPPER**

ST-935

### **FLOOR POLISH STRIPPER CONCENTRATE**

#### **DESCRIPTION:**

LOW ODOR STRIPPER is a balanced, low odor, non-butyl formula designed for fast, complete removal of polymeric floor finishes. LOW ODOR STRIPPER provides low foaming and easy rinsing. When used according to directions, LOW ODOR STRIPPER is safe to use on vinyl composition tile, terrazzo, concrete and masonry surfaces. Do not use on cork or wood. If in doubt, consult SURTEC or pre-test in an inconspicuous area. LOW ODOR STRIPPER is a concentrated stripper and is not intended to be used as a general purpose cleaner. LOW ODOR STRIPPER meets CA Consumer Product VOC limits.

#### **DIRECTIONS:**

Dilute with up to 8 parts water for stripping light to medium buildup of floor polishes. Dilute with 4 parts water for heavy buildup. Allow solution to dissolve and raise old polish for 5 to 10 minutes before scrubbing. Let LOW ODOR STRIPPER DO THE WORK FOR YOU. After scrubbing and pick up, rinse the floor and allow to dry. LOW ODOR STRIPPER's efficiency allows for much faster and complete stripping without the need for abrasive stripping pads. In most cases, light or medium scrub pads may be used.
