# **SURTEC INTRODUCES ENVIRONMENTALLY & WORKER FRIENDLY INK REMOVER**

---

Surtec's Industrial Ink Cleaner has been extensively tested and proven to effectively remove Flexo, Water Washable and other Printing Inks.

It has been determined through extensive laboratory testing, all surfaces will be left residue-free, providing a clean, ready to use surface that will have no issues or complications of re-use.

Under normal use, Surtec's ink remover has been proven to not cause any swelling or decomposition of dies.

---

## **GREEN ANILOX CLEANER CONCENTRATE**

*A Surtec "Certified" Green, Environmentally Preferred Product*

AC-925 ANILOX CLEANER CONCENTRATE is a concentrated, environmentally friendly ink remover containing a balanced formula specifically designed for the fast, complete removal of water washable printing inks on Anilox Rolls and as a general purpose ink remover. 925 ANILOX CLEANER provides low foaming and easy rinsing. 925 ANILOX CLEANER is low VOC, contains no harsh solvents and is A.P.E.O. free.
